Award Citation

October 18, 2006

The Florida Keys Council For People With Disabilities is pleased to present its Award for Outstanding Service to disabled persons in Monroe County to the **Anchors Aweigh Club of Key West.**

This award recognizes the important contributions of this non-profit organization in improving access to twelve step recovery programs for people with disabilities. Founded in 1983, the Club is owned and managed by its own membership, with a primary purpose of providing a safe and anonymous environment for the current 64 twelve step meetings held per week on Club property.

Considering that the rates of substance abuse and addiction are three times higher in disabled persons than in the general population, the Club has consistently provided complete disabled access and hired several disabled Club managers and employees.

For making twelve step recovery programs available to the disabled citizens and visitors of the Florida Keys this plaque is presented with sincere gratitude for your achievements.
